## **DP-6 Records / DR118**

In the 118's DP-6 Records edition we can find fresh serving of deep and remixes.

Continuing the idea of the Our Nights album by Ev Darko, DP-6 project prepared it's own vision of the Natural Orbiter track. Biotones successfully worked on the Lacarno, another work that deserves attention is a vocal version of the Traveller by Ev Darko and Lena Grig. And finally the Ev Darko's remix to the DP-6 project's Deep Sea completes the release.  
Enjoy!
