Varis Svärd, publishing music under the pseudonym David Mark, was the hero of the 123 DP-6 Records edition. In his works this Swedish artist combines the atmosphere of our favorite dub techno and deep house. Backed by successful releases on Lantus Recordings, Aenaria Music and Destroy The Ego in search of a new sound he has created a deep, powerful dub sound that can be heard on his new tracks Next To You and Egotropical. Enjoy!
