DP-6 Records / DRR006

Today, we are very pleased to introduce a couple of our favorite tracks that will be re-released on DP-6 Records.

These are remixes of our DP-6 project at the stunning composition by Cream Sound and Andrey Potyomkin.

Despite the fact that these tracks are re-released, we are confident that these two works are still valid and can please many whether at home or on the dance floor. Enjoy!
